GRADE 10 BIOLOGY
2026 NOVEMBER – DECEMBER HOLIDAY ASSIGNMENT

Name:		**School:**	
Admission/Assessment No.:		**Date:**	

INSTRUCTIONS TO CANDIDATES

1. Answer all questions in the spaces provided or in a clearly labelled exercise book if more space is required.
2. Read each question carefully and show all working where calculations are required.
3. Draw biological diagrams in pencil, use clear single lines, and label them neatly where required.
4. For practical activities, use safe, locally available materials and do not collect organisms unnecessarily.
5. Record observations honestly; use tables and labelled sketches where appropriate.
6. The assignment is intended to be completed steadily over six weeks. Review your work before submission.
