SUBJECT & GRADE	DAY	PERIOD	STRAND & WORK COVERED	REFERENCE / MAIN BOOK(S) AND PAGES	REMARKS
Woodwork — Grade 10			**Materials — Timber Conversion & Seasoning: Transportation of timber logs** Explained the transportation of timber logs for conversion, described methods and vehicles used to transport logs to sawmills, and recognised the importance of efficient log transportation in the timber industry.	MTP Woodwork LB pg. 48	
Woodwork — Grade 10			**Materials — Timber Conversion & Seasoning: Challenges in log transportation** Identified challenges in transporting timber logs, discussed the risks of overloading and extreme weather, and applied safety measures when involved in timber transportation.	MTP Woodwork LB pg. 49	
Woodwork — Grade 10			**Materials — Timber Conversion & Seasoning: Challenges in log transportation** Reinforced the challenges during log transportation, brainstormed the risks of overloading trucks, and discussed how forest and sawmill locations affect transportation.	MTP Woodwork LB pg. 49	
Woodwork — Grade 10			**Materials — Timber Conversion & Seasoning: Through and through sawing** Defined timber conversion, described the through-and-through sawing method, and related conversion methods to efficient timber utilisation in carpentry.	MTP Woodwork LB pg. 50	
Woodwork — Grade 10			**Materials — Timber Conversion & Seasoning: Quarter sawing & tangential sawing** Described quarter sawing and tangential sawing methods, compared different timber conversion methods, and selected an appropriate method based on intended timber use.	MTP Woodwork LB pg. 51
