GRADE 7 ENGLISH REVISION KIT – LISTENING COMPREHENSION

STRAND: 7.1.2 Listening for Details

Time: 1 hour

Total Marks: 50

Instructions:

- Answer all questions.

SECTION A: MULTIPLE CHOICE QUESTIONS (MCQ) – 20 MARKS

Read the passage below carefully. You may listen to the audio version of this text once. Then answer the questions that follow.

PASSAGE (LONG TEXT):

"Good morning students. Today I will talk about the importance of keeping our environment clean. First, everyone should avoid littering in public places. Also, you should separate biodegradable and non-biodegradable waste. Moreover, planting trees is important to provide shade and improve air quality. An important note: water sources should be protected from pollution because polluted water can cause diseases such as cholera. For example, dumping plastics into rivers affects fish and other aquatic animals. Similarly, farms should avoid using excessive chemicals, so that the soil remains fertile. However, many people still throw garbage on roads and in drains, which causes flooding during heavy rains. Therefore, local authorities organize community clean-up days to ensure neighborhoods remain safe and healthy."

Answer the following MCQs:

1. Which word introduces the **first detail** about keeping the environment clean?
   A. Moreover
   B. First
   C. Similarly
   D. However
2. Which word signals **addition** to the first instruction?
   A. Also
   B. For example
   C. However
   D. Therefore
3. Which word signals **emphasis**?
   A. An important note
   B. Similarly
   C. But
   D. First
