Passage 1 – A Visit to Nairobi National Park

Last Saturday, James and his classmates visited **Nairobi National Park**. They were excited to see many wild animals that live close to the city. As soon as they entered the park, they saw zebras grazing on the grass. The teacher told them to keep quiet and observe the animals carefully.

After walking for some time, they saw a herd of elephants drinking water at the river. James pointed out a giraffe eating leaves from a tall tree. He was amazed at the long neck and graceful movements of the giraffe.

During the break, the students sat under a big acacia tree and shared their snacks. The teacher reminded them to **pick up all litter** to keep the park clean. In the afternoon, they visited the animal sanctuary where injured animals were being cared for.

Before leaving, James wrote some notes about the animals he had seen and promised to tell his family about the importance of conserving wildlife.
