ENGLISH GRADE 9

END TERM 1 EXAM 2026
TIME: 2 HOURS

NAME: _____ DATE: _____

SECTION A: COMPREHENSION (20 MARKS)

Read the passage below and answer the questions that follow:

Technology has become an important part of education in modern schools. Many learners now use computers, tablets, and smartphones to access learning materials. Teachers also use digital platforms to share notes and assignments.

While technology makes learning easier, students must use it responsibly. Spending too much time on social media can distract learners from their studies. Therefore, teachers and parents should encourage students to balance the use of technology with academic work.

When used properly, technology helps students gain knowledge, improve research skills, and communicate effectively with others.

a) Mention two technological devices used by learners. (2 marks)

b) Why should students use technology responsibly? (2 marks)

c) How do teachers use technology in education? (2 marks)
