INTEGRATED SCIENCE PAPER 1

SECTION A: (30mks)

Answer ALL the questions in this section.

1. During a lesson, learners observed the following hazard symbols. Which one of the following symbols represent corrosive substances?

A.

B.

C.

D.

2. Grade 9 learners from Moi Educational Centre reported scientific information on a table as shown below after carrying out an experiment on simple circuits.

Number of dry cells	1	2	3	4
Voltmeter readings	1.5V	3.0V	4.5V	6.0V

Which basic scientific skill did they apply to report the information as shown above?

A. Classification
B. Communication
C. Observation
