GRADE 5 -YEAR 2022
EXAMINATION: LANGUAGE ACTIVITIES

TASK 1: READING COMPREHENSION
Read the passages below and answer the questions in the spaces provided

Sharing work at home

On Saturdays, school children have a holiday. Early in the morning, they help their mothers in lighting the fire, putting out cups and saucers, sugar bowls and teapots ready to make tea. After the members of the family have had their break fast, girls help their mothers in washing the dishes and drying them up. Some also help in washing of the school uniform for children, cooking and cleaning the home compound.

Some boys help in cutting the grass around the home compound, cleaning the tlower gardens and washing the house walls and windows.

1. On which day do the school children have a holiday?
   _____
2. The opposite of morning is
   _____
3. Who helps in cutting the grass?
   _____
4. Who helps in cooking and cleaning the home compound?
   _____

   Climate changes

   The climate of a place is formed by the daily changes in weather patterns recorded for a long period of time. In some places, the climate is hot and dry throughout the year. In other places, the climate is hot and wet. Some places have one rainy season and other places have two rainy seasons in a year. The rainy season that lasts longer is called long rains. The one that lasts for a short time is called short rains. Too much rains causes floods. Floods do a lot of harm. They sweep away bridges and homes. If no rain falls for a long time, there is a dry season. No crops or grass can grow in a dry weather. During drought, animals and people lack food. During such a time, there is famine

5. The long rainy season is called
   _____
6. The short rainy season is called
   _____
7. What causes floods?
   _____
8. What is the opposite of dry as used in the passage?
   _____
