COMPETENCE BASED CURRICULUM
HOMEWORK ENGAGEMENT PROGRAM
GRADE 3 2024 AUGUST
LITERACY

1. **Task:** **LISTENING AND SPEAKING.** **(5 mks)**

The teacher will ask questions and you will answer

a. What is the colour of grass?
(Learner responds)
b. Why do we plant trees?
(Learner responds)
c. What do you use to fetch water?
(Learner responds)
d. Where do we put rubbish after sweeping?
(Learner responds)
e. Name one source of water
(Learner responds)

2. **Task:** **READING ALOUD**

Read the story below aloud to your teacher. **(10mks)**

Last holiday, we visited the village. We saw many people planting trees. They said trees bring fresh air, they give us fruits and attract rain. When we plant trees, we get fresh water in rivers. When we cut one tree, we should plant two more. We should put rubbish in the dustbin. Everything in the village was fresh. We loved staying there. We were able to get fresh fruits. There were also fresh vegetables.

MARKING SCHEME

1.
a. grass
b. trees provides oxygen that we need to breathe
c. bucket
d. rubbish pit
e. well

2. To be assessed by the teacher.
