Read the conversation below and then answer questions 1 - 5.

Mina : The County Officers are asking for the owner of the goats

Officer : Who is selling these goats? Have you paid tax to be allowed in the market?

Mina : They are not mine. I do not know who the owner is.

Officer : That is okay. I shall get to know the owner before long.

Mina : They always collect tax from traders in this town. The

sellers have to pay tax to the county government.

Tito : I have brought the goats here so that I can sell them and get enough money to buy uniform for my son.

If I pay the tax, I shall not make enough money.
