Week 1 Main Records of Work

SUBJECT & GRADE	DAY	PERIOD	STRAND & WORK COVERED	REFERENCE / MAIN BOOK AND ITS PAGES	REMARKS
Mathematics Grade 6			Measurement - Relationship between circumference and diameter: Stated relationship between circumference and diameter. What do you notice when you divide the circumference of each object with its diameter? Guided learners to state the relationship and work out practice exercise 11. Resources: Ruler, Circular objects, Strings, Digital devices. Assessment: Oral questions, Written exercise.	Mentor Mathematics Learner's Book Grade 6 pg. 23-24	
Mathematics Grade 6			Measurement - Area of triangles: Stated formula of working out area of triangles and worked out area of different parts. What is the formula of working out area of triangles? Guided learners to state the formula and work out area. Resources: Ruler, Multiplication tables, Digital devices. Assessment: Oral questions, Written exercise.	Mentor Mathematics Learner's Book Grade 6 pg. 105-107	
Mathematics Grade 6			Measurement - Area of combined shapes: Traced, cut out and combined figures to find the area. How do you calculate the area of combined shapes? Guided learners to trace, cut out, combine cut-outs and find area. Resources: Multiplication tables, Ruler, Digital devices. Assessment: Oral questions, Written exercise.	Mentor Mathematics Learner's Book Grade 6 pg. 108-109	
Mathematics Grade 6			Measurement - Area of combined shapes: Drawn combined shapes of rectangles, squares and triangles and determined the area. How do you calculate the area of combined shapes? Guided learners to draw shapes and determine their area. Resources: Multiplication tables, Ruler, Digital devices. Assessment: Oral questions, Written exercise.	Mentor Mathematics Learner's Book Grade 6 pg. 108-109	
Mathematics Grade 6			Measurement - Capacity: Stated relationship between millimetres and litres. Where are litres and millimetres used in day-to-day life? Guided learners to experiment and state the relationship. Resources: Ruler, Digital devices. Assessment: Written exercise.	Mentor Mathematics Learner's Book Grade 6 pg. 112-113
