Week 1 Main Records of Work

SUBJECT & GRADE	DAY	PERIOD	STRAND & WORK COVERED	REFERENCE / MAIN BOOK AND ITS PAGES	REMARKS
Science and Technology Grade 6			Matter - Change of state - meaning: State the meaning of change of stage of matter. How is change Of state of matter important in day-to-day life? Observe pictures of change of state of matter; brainstorm the meaning of change of state of matter.	Spotlight integrated science g7 t.g pg. 19-26, Spotlight integrated science g7 p.b pg.18-33. Resources: Test tube holders, conical flask, gas lighter, water, iodine, candle wax, zinc oxide, test tubes, Bunsen burner, tripod stand, gauze wire. Assessment: Observation oral question and answer rubrics checklist.	
Science and Technology Grade 6			Matter - Chage of state - melting: Identify the changes of state when substances are heated or cooled; Demonstrate melting as a change of state of matter. How is change Of state of matter important in day-to-day life? Carry out activities to demonstrate change of state of matter (melting) collaboratively.	Spotlight integrated science g7 t.g pg. 19-26, Spotlight integrated science G7 p.b pg.18-33. Resources: Water, iodine, candle wax, zinc oxide, test tubes, test tube holders, conical flask, gas lighter, bunsen burner, tripod stand, gauze wire. Assessment: Observation oral question and answer rubrics checklist.	
Science and Technology Grade 6			Matter - Chage of state - evaporation: Identify the changes of state when substances are heated or cooled; Demonstrate evaporation as a change of state of matter. How is change Of state of matter important in day-to-day life? Carry out activities to demonstrate change of state of matter (evaporation) collaboratively.	Spotlight integrated science g7 t.g pg. 19-26, Spotlight integrated science G7 p.b pg.18-33. Resources: Water, iodine, candle wax, zinc oxide, test tubes, test tube holders, conical flask, gas lighter, bunsen burner, tripod stand, gauze wire. Assessment: Observation oral question and answer rubrics checklist.	
Science and Technology Grade 6			Matter - Chage of state - sublimation: Identify the changes of state when substances are heated or cooled; Demonstrate sublimation as a change of state of matter. How is change Of state of matter important in day-to-day life? Carry out activities to demonstrate change of state of matter (sublimation) collaboratively.	Spotlight integrated science g7 t.g pg. 19-26, Spotlight integrated science G7 p.b pg.18-33. Resources: Water, iodine, candle wax, zinc oxide, test tubes, test tube holders, conical flask, gas lighter, bunsen burner, tripod stand, gauze wire. Assessment: Observation oral question and
